**CALIFORNIA DEPARTMENT OF CORRECTIONS.** Corcoran, CA. 2015 – Present

**STAFF PHYSICIAN – SUBSTANCE ABUSE TREATMENT FACILITY AND STATE PRISON**

I oversee the clinical operations of a healthcare unit and provide comprehensive health care across the healthcare continuum to about 900 patients with a heavy burden of chronic medical diseases, substance use disorders, and mental illness.

**Job duties:**

- Provide evidence-based care by adhering to standard operating procedures, clinical guidelines, and operational policies, to produce the best outcomes in the most cost-efficient and effective manner
- Ensure quality of care, cost containment, and service initiatives through continuing education and supervision of team members.
- Ensure unit compliance and survey readiness for DOJ, CMS, HEDIS, etc., and other State and Federal regulatory certification processes.

- Work with utilization management to collect and analyze data, identify trends, prioritize resources, and recommend changes that will improve efficacy and reduce errors in accordance with regulatory and reporting organizations such as TJC, CMS, NHSN etc.
- Participate in medical-legal evaluations which involve working with risk management, attorneys, court orders, etc. in cases of hunger strikes, sexual abuse, isolation, transgender issues, compassionate care release, court appearances, elderly release, legal threats, and lawsuits.
- Discuss clinical program outcomes, data, and performance at interdisciplinary meetings involving providers, management, nursing, and other ancillary staff.
- Make presentations on clinically related topics at inter-departmental meetings involving management, medical providers, nursing, and other ancillary staff.
- Provide leadership, orientation, and mentorship to new physicians and mid-level staff.

#### **MEDICOLEGAL WORK, 2016 – present**

- Perform second-level appeals for Independent Review Organizations according to URAC/NCQA standards such as medical necessity determinations, healthcare authorizations, and denials. I also perform peer-to-peer reviews when initiated.
- Healthcare Quality Strategies Inc. (HQSI)- I perform chart reviews for beneficiaries of commercial health plans to determine medical necessity and length of stay.
- Livanta LLC- is a company contracted with CMS to review patient health care appeals. I perform chart reviews in order to determine medical necessity and length of stay.
- Medical Review Institute of America (MRIoA), is a health utilization management organization. I performed health care authorization and denials for diagnostic tests and treatment, and I peer to peer conversations for clinical case reviews if requested.
- Dane Street- is a company that performs independent and peer reviews for insurance carriers, TPAs, Managed Care Organizations, and federal/Stater entities. I performed disability assessments and peer-to-peer conversations for clinical case reviews.
- Perform independent Medical Examinations for injured workers or any injury where liability is an issue.
- CoverVisory- perform healthcare authorization and evaluation for retirement for states and counties.
- Expert witness in Internal Medicine and Correctional Medicine.
