PROFESSIONAL STATEMENT

Accomplished and dedicated chiropractor with over 5 years of clinical experience and a deep commitment to healthcare affordability and quality outcomes. Skilled in utilizing medical decision-making to evaluate and enhance health outcomes, applying regulatory knowledge and leveraging technology to improve care delivery. Excels in developing and implementing clinical policies and guidelines to optimize healthcare services.

PROFESSIONAL WORK EXPERIENCE

Independent Medical Examination and Peer Review Physician, January 2023 - Present

InjuryCare Consultant, Remote

- Evaluate 5+ weekly patients' medical history, physical condition, and diagnostic tests to determine the extent of injuries sustained in auto accidents.
- Conduct 30+ weekly comprehensive reviews to determine medical necessity and clinical appropriateness of chiropractic treatments, ensuring alignment with best practices and regulatory standards.
- Maintain knowledge through 5+ hours per week of continuing education to ensure compliance with regulatory requirements across various regions, including Medicare, Medicaid, and Insured health plans.

Clinic Director, July 2024 – Present

Arrowhead Clinics, Hinesville, GA

- Assist in the development and application of 10 new clinical policies, guidelines, and treatment protocols to improve patient outcomes and provider compliance by 47%.
- Collaborated with the chiropractic team to streamline patient intake processes, which improved overall team efficiency
- Develop and implement 3 new strategies to improve treatment outcomes and control utilization trends, increasing both the benefit of health care consumers and providers by 27%.
- Conduct thorough initial assessments to understand patients' medical history, current complaints, and treatment goals

Clinic Director, April 2022 – July 2024

Bain Complete Wellness, Riverview, FL

- Spearheaded the development of clinical policies, significantly enhancing the treatment appropriateness and health outcomes for over 100 patients weekly.
- Initiated and maintained successful partnerships with various stakeholders, including local VA facilities, to optimize care and support for 50+ veterans through the VA Community Care program, showcasing strong consultative skills with clinical and non-clinical professionals.
- Performed quarterly and annual employee reviews and provided feedback on their performance to help motivate their dedication to professional goals.
- Implemented initiatives, driving the strategic direction of utilization management processes across multiple health plan structures, including Medicare, resulting in 25% increase in payment processing.

Chiropractor, January 2020 – April 2022

Self Employed, St. Louis, MO

- Utilized medical decision-making skills to evaluate patient progress, adjust treatment plans as needed, and ensure optimal outcomes.
- Oversaw all aspects of practice operations, including staffing, scheduling, and resource allocation, to ensure efficient and effective delivery of patient care.
- Oversaw the medical billing and coding process, including claims submission, reimbursement tracking, and denial management.
- Conduct thorough initial assessments to understand patients' medical history, current complaints, and treatment goals.

POST-DOCTORAL STUDIES

Certified Chiropractic Insurance Consultant (2024)

Texas College of Chiropractic, Division of Post-Graduate Studies, PACE Approved for the Federation of Chiropractic Licensing Boards, Pasadena, TX

100-hour certification program to perform reviews and examinations for health insurance companies and legal entities.

Documenting Trauma (2023)

Academy of Chiropractic Post-Doctoral Division, PACE Approved for the Federation of Chiropractic Licensing Boards, Long Island, NY

Examined the documentation of biomechanical and anatomical pathology in trauma patients, correlating diagnoses with demonstrative bodily injury-pathology and documenting persistent functional losses.

Documenting Clinical Findings and Diagnosis (2022)

Academy of Chiropractic Post-Doctoral Division, Long Island, NY

Focused on correlating clinical findings with X-ray and advanced imaging to establish accurate diagnoses, prognoses, and treatment plans. Emphasized demonstrative documentation for visualizing pathology in both trauma and non-trauma cases.

Imaging, Case and Strain/Sprain Reporting (2022)

Academy of Chiropractic Post-Doctoral Division, Long Island, NY

Studied documentation and coding for X-ray and MRI reports, as well as patient education. Explored connective tissue pathology following trauma, focusing on diagnosing ligament laxity, strain-sprain, and spinal biomechanical lesions to create detailed treatment plans.

Trends in Spinal Healthcare (2021)

Academy of Chiropractic Post-Doctoral Division, Cleveland University – Kansas City

Analyzed spinal healthcare trends, evaluating clinical documentation and treatment pathways for spinal path biomechanics.

MRI Spine Interpretation – Advanced Diagnosis (2021)

Academy of Chiropractic Post-Doctoral Division, Cleveland University – Kansas City

Focused on time-related disc pathology, using advanced MRI techniques for accurate spinal diagnosis.

Spinal Biomechanical Engineering Analytics and Case Management (2021)

Academy of Chiropractic Post-Doctoral Division, Cleveland University – Kansas City

Studied spinal menstruating algorithms to differentiate between normal and patho biomechanical spine conditions.

MSK Extremity Radiological Interpretation (2021)

Academy of Chiropractic Post-Doctoral Division, Cleveland University – Kansas City

Diagnosed arthritis, rotator cuff tears, meniscal injuries, and sports-related injuries using MRI and X-ray analysis.

Demonstrative Medical-Legal Documentation (2021)

Academy of Chiropractic Post-Doctoral Division, Cleveland University – Kansas City

Specialized in creating medical-legal documentation that meets court standards, enhancing clarity and credibility in reports.
